ARE WE STRONG ENOUGH?
A Message from Pauline R. Kezer, President, The Alden Kindred of America, Inc.

As we sail from this year 2018/19 into 2020, we face many opportunities and challenges.

1) Can we harness the energy created by the 400th Anniversary of the Landing of the Mayflower Pilgrims in 2020 to protect and preserve our Alden Historic Sites in perpetuity?
2) Can we increase our historic footprint and create the Alden Center for Living History by enlarging our current Alden Barn?
3) Can we increase our membership base and its financial support for the Kindred to the point where we can create a designated fund for the Alden House and First Site?
4) Can we build the capacity needed to use 2020 as a launching pad to advance and secure the Kindred’s assets and presence for the next half century?

Yes, this has been a year of questions, discussions, planning, and progress as we inch forward to begin a Capital Campaign, hopefully in 2020. We are sharing our vision for enlarging our space, our programs, and our outreach. It will take ALL of us to make this happen. WE are ready to begin in earnest. The big question is…. “ARE YOU?”

What needs to happen within the next six months is to get a large handful of “lead” donations so that we will be able to announce a full-blown Capital Campaign by the next Alden Reunion. The total needed for the Campaign is just under $3 million. It is by far the largest undertaking by the Alden Kindred EVER! It means that we should raise $1 million before we launch the campaign. Is this possible? We have been doing our homework, looking at external resources, grants, etc., and yes, assessing the giving ability of our “Aldens”.

We believe it is possible. DO YOU?

The Aldens need to be the “first donors” to step up. To date we have a little more than $100,000 given and pledged. “We have a long way to go and a short time to get there.” I challenge every Alden Kindred Member and any Alden kin to seriously consider what their gifts collectively could do to preserve, protect, and grow our National Historic Landmark.

I think of John and Priscilla Alden. Thankfully, they were strong enough to raise ten children in a tiny home in a strange new land. Priscilla was strong enough to be their teacher and nurturer. John was strong enough to become a leader in the Colony for over 65 years, create a successful fur trade to pay off the debt of the Mayflower Voyage, and manage a farm and 100+ acres. Together, they were strong enough to produce over a million Alden kin. They produced artists, industrialists, poets, US Presidents, Technology Leaders, and YOU!

YOU are part of an incredible gene pool, and each one of us has the capacity to help in some way, at some level, to ensure that our story is forever told and accurately remembered!

Total is $2.8 Million

$400,000 Retire mortgage on 97 Alden
$600,000 Endowment for Capacity
$600,000 Alden House Historic Site Preservation Fund
$1.2 million for the Alden Center for Living History

“Thanks to the purchase of the property and the critical planning process over the last few years, AKA can now look at expanding so that it can tell its story to a national and international audience.”

3 pm
Silent Auction to Support Alden Educational Programs
August 4, 2018

Annual Meeting: 10:14 AM - 11:55 AM

The 118th Alden Kindred of America Reunion and Annual Meeting was held on August 4, 2018, on the blooming and historic grounds of the John and Priscilla Alden house. Alden cousins and guests were welcomed by a warm and sunny day, and were comfortable under the large white tent. Many unique Silent Auction items were available to support Alden educational programs, and a textile demonstration was held by Linda Pagliuco. Also enjoyed were Alden First Site Presentations and an American Pop Music Time Machine, with a special piece of music from Jonathan’s line.

John Bradford Towle gave the opening blessing.

The Pledge of Allegiance was led by Lily Campbell and Julia Sultini.

The bell was rung by Pauline Kezer, President of the Alden Kindred of America, at 10:14 AM. Pauline Kezer then called the meeting to order at 10:15 AM with an official bang of the gavel.

Vote on 2017 Annual Meeting Minutes: Pauline R. Kezer

Pauline K. asked for a motion to accept the minutes from the 117th Annual Meeting. Alden Keyser made the motion and Alden Ringquist seconded it. The motion was carried unanimously.

Genealogy Report: Lilly Cleveland

Speak for Thyself Award

This annual flagship event was very rewarding this year, as always. Pauline K. thanked Rich Holmes for his enthusiasm and footwork making this the most successful Speak thus far.

Director’s Report: Desiree E. Mobed

Desiree M. welcomed all Aldens home for a wonderful day of celebration and noted that we’ve had quite a year: there’s a special connection being an Alden, and Desiree M. sees this through the many personal experiences of the visitors to the house. Long-standing members and devoted supporters who are dedicated to preserving this home make it what it is. A success story to report—funding for the new entryway came through (the entryway was leaking into the original foundation). This required an extensive new drainage system. Other work to be done on the house includes gutters, downspouts, and windows. So, AKA is re-opening the opportunity to buy a brick—$150 Sidewalk Sale. In other news, we’re installing a new exhibit of artifacts from John and Priscilla’s homesite, which will be professionally curated. AKA is working in conjunction with UMASS-Boston on this project. Glass and nails will be studied by a graduate student, and a weblog is being created to showcase the archaeology. Inside the house, Rockwell Foundation funding allowed AKA to preserve some key artifacts. 97 Alden Street has been cleared (sixty diseased trees) and was used for a spectacularly spooky Halloween maze. Landscaping this year: Boy Scouts reconstructed the well sweep. Bringing History to Life: always looking to bring children into the house—we now have Instagram and two Facebook pages. This social media marketing has boosted our attendance, which is up 25%. In the community, AKA loans artifacts to Pilgrim Hall, holds history talks, participates in Holly Days, and engages Boy Scouts. Plymouth 400 invited the Alden House to be part of the “Mayflower Trail” that connects the first authentic sites—allows Alden House to play a part on this national stage. Alden House will be the welcome center for Duxbury 2020. Desiree thanked all the volunteers, staff, and friends who devote so many hours to the care and preservation of this house. (Refer to Director’s Report, 2018)

Alden K. thanked Carol Smith for keeping all the financial information. Summarized in the program, the statement of activity shows two solid years. The statement of position boasts a portfolio of $404,000. Rental from 97 Alden Street covers the mortgages. (Refer to Finance Report, 2018)

J. Alden Keyser asked for a motion to accept the minutes from the Finance Report. Alden Ringquist made the motion and John Towle seconded it. The motion was carried unanimously.
Report of the Membership Committee: Gary J. Campbell

136 new members last year
1982 member contacts
143 new members this year
2140 member contacts
1767 billable members

Gary will begin a phone program to start contacting members in arrears. The committee also plans to contact new members via email and phone to make sure they are aware of our offerings and needs; membership committee welcomes some volunteers to help. $40 single/$60 family; lineage $100.

Roll Calls: Gary Campbell

Roll Call: 118th Annual Meeting August 4, 2018

Alden descendants of the following children (in order of their birth):
(Some will be related to more than one)

Elizabeth 15
John 0
Joseph 9
Sarah 13
Jonathan 8
Ruth 12
Rebecca 1
David 1

Who traveled the farthest to attend Annual Reunion?
Family from Oregon

Who traveled the shortest distance to attend Annual Reunion?
Amy Holbrook on adjoining Alden property.

Who is the oldest Alden present?
90 years old, Barbara Dillon from Cohasset

Who is the Youngest Alden present?
10 months, Liam Brady

(Refer to Membership Report, 2018)

Report of By-Laws Committee: Terry Reiber

The By-Laws are the ground rules and therefore evolve as the organization does. Today, there is more pressure to be an organization that not only recognizes lineage but also has members who are non-lineage. History is for everyone. Terry R. presented three recommendations: officer terms of two years instead of one year; incremental change: 1/3 of Board are certified lineage (instead of 2/3); no longer require past president to be chair of nominating committee.

Pauline K. asked for a motion to accept the By-Law recommendations. The motion was carried unanimously.
(Refer to By-Law Report, 2018)

Report of Film Taskforce: Terry Reiber

Terry R. explained that the film covers the story of John and Priscilla from when they first met: all the trials of finally getting married and coming to the granted land here. Goal is to start shooting the film next spring (in the house and in an old boat—the Elizabeth Tilley, a replica of the shallop). The film will be twelve to thirteen minutes long—Terry R. will put out an ask for funds. Actors will be Alden descendants.

Social Media Initiatives: Adryn Sumner

The Facebook page Mayflower Descendants of John Alden and Priscilla Mullins has 2,300 members. It’s a happy place to be—a place for family and a place to connect. Lately, Adryn S. has been talking about the local chapters; welcoming Australia, France, Switzerland, and Canada; and keeping everyone up-to-date on all things Alden.

Report of the Education/Scholarship Committee: Linda J. Osborne

It was an exciting year with three applicants, two of whom were exceptional. So, the committee granted two scholarships this year, in addition to the trade scholarship. William Kelso, a Duxbury High graduate received his award, thanked the committee, and said a few words. He’ll be going to Fordham University next year and thanked AKA for preserving the architecture and oral history for the town. “When you look back, you’re looking to the future,” he added. Katie Gosman from Madison, IN accepted her award and said she will be attending Cedarville University in Ohio majoring in International Studies. She thanked the AKA for this opportunity. Being here today is important to her and her family who has shared their Alden descendance through oral history. Eric Sultini accepted his award and thanked the organization. He will continue track and field at Dickinson College as an Economics major. Eric mentioned that his grandmother Pauline K. works tirelessly for AKA. Next year’s scholarship application needs to be received by March 1, 2019. (Refer to Scholarship Report, 2018)
Report of Nomination Committee: Paul Clemente
The Nominating Committee is happy to put forth the slate for the Board of Directors for consideration at the 118th Annual Meeting.

Two votes today: officers and their 2-year terms; four new Board members for 3-year terms.

Paul C. asked for a motion to accept the officers. The motion was carried unanimously.

New Board members nominated are: Alden Keyser, Adryn Sumner, James Tierney, and Richard Holmes. Paul C. asked for a motion to accept the new Board members. The motion was carried unanimously.

President’s Report: Pauline R. Kezer
Pauline K. went to a Plymouth 400 meeting, which was a turning point for her. The gentleman who’s heading the efforts for the UK said the government is supporting the project: the “voyage of the Mayflower was the most transformational journey in the history of the world” because the people who came brought their individual rights and freedoms from the Magna Carta and solidified them with the Mayflower Compact. Our local history has a global perspective. Members polled were excited about: the 400th landing, preservation of the house and first site, and educational and lineage efforts. Two hooks from 2020: Alden House taking on the role of Welcome Center; building a freedom trail from Provincetown to Boston with only authentic sites. No other Mayflower organization has what we have—and we will live up to our National Historical Landmark designation. Pauline K. talked about designs to improve the barn: need space for lectures, meetings, exhibits. Getting from “No Longer to Not Yet” has three vectors: value (assets), support (difficult), capacity (grow the organization to handle the increase in membership and status of being on a freedom trail for the Pilgrims). Pauline K. asked, “What can we do?” We can enlarge the barn because we bought 97 Alden street and have the space. Pauline K. displayed a drawing of an expanded barn ($1 million) by Bill Thayer with two floors to meet our needs (and be handicapped accessible). For the next six months, the Board will quietly talk to identify interest. Also, we need to create a second fund to preserve the house ($1 million). So, we’re looking for $3.5 million to get us through the next fifty years of expansion. Pauline K. asked how we can all help. The answer: participate. “What do you want to do to preserve the house and the history?” There are many ways we can all help—big and small. We need to know if the membership of this organization can and will support this mission. (Refer to President’s Message, 2018)

Pauline K. called for a motion to adjourn the meeting; it was unanimously passed at 11:55 a.m.

Announcements/Comments/Adjournment
The annual photo of all Alden Descendants present was carefully taken under the tent as the skies opened up and finally refreshed the weary grass and plantings.

Respectfully submitted,
Amy Holbrook
Secretary

“Many thanks for presenting such a marvelous experience through this program from your vacation camp! I don’t think you could have squeezed in one more delightful adventure…I was thrilled to be at his house with Thomas when he so excitedly shared his bag of goodies with his parents and simply overflowed with enthusiasm and knowledge about his day”

— Phyllis Dente
Dear Alden Kindred and Friends,

In my fourth year as director, I continue to be inspired by the sense of family shared with me by Alden relations from around the world and the appreciation of visitors for the property’s tangible link to the Pilgrim story and the Alden’s role in the founding of this country. I am also pleased to report that we are tracking steadily forward to achieve the goals established in AKA’s strategic plan.

With the 400th anniversary of the Mayflower journey fast approaching, 2020 promises to be an inspiring and ambitious year of events honoring this national and international commemoration. Working with our community and regional partners, Duxbury 2020, Plymouth 400 and others, Alden House is collaborating on the Massachusetts 1620 Legacy Trail and preparing to be the visitor center for Duxbury. Through digital technology that will help transport visitors back to the 17th century while they explore the contemporary physical sites, the Legacy Trail initiative will use augmented reality to connect authentic Pilgrim/Native American sites from Provincetown to Boston.

Alden House will display a new archaeology exhibit of artifacts excavated from the Alden First Site in 1960 with recent research from the University of Massachusetts-Boston and supported by funding from the Rockwell Foundation, Rockland Trust Charitable Foundation, and the Daughters of the American Revolution. Curated by historian Stephen O'Neill, this major exhibit provides a glimpse at the everyday lives of John and Priscilla in a way that visitors have never been able to experience before.

The museum is working closely with Duxbury 2020 to plan 400th anniversary programs and events. Officially designated as the town’s visitor center, Alden House has embraced this once-in-a-lifetime anniversary as the opportunity to share Duxbury’s Pilgrim legacy with a new generation. Other commemoration projects include a book of essays by local historians, marking of the 1623 Green’s Harbor Path, Garden Club Tour, and lighting of Standish monument.

Mark your calendars now for the 2020 Alden reunion, from July 29-August 2, an event not to be missed!

A generous grant from Duxbury Community Preservation funds will support restoration of the exterior windows on the west side of the building. Operating funds supported critical work to replace the underground powerline connecting Alden House and the cottage and several repairs to one of the cottages on the newly acquired property next door. Thanks to donors to the brick sidewalk campaign, we are re-painting all the exterior window frames on the museum. The next preservation project identified by the Building & Grounds Committee is to hire a restoration mason to evaluate the chimney and investigate the extent of ceiling damage in the 105 Alden cottage caused by water intrusion around the chimney.

We have identified conservation needs of key collection artifacts and sought estimates for these projects. Funding from the Rockwell Foundation allowed us to conserve “Aunt Polly’s” bodice and digitize original photographs of Aunt Polly and her husband “Storekeeper John,” on display in the house. An intern from Bridgewater State University is helping catalog the collection into the museum’s Past Perfect museum software.

The Rockwell Foundation and a generous grant from the Community Garden Club of Duxbury have allowed us to continue to expand the heirloom “teaching” gardens around the museum, which share the Alden’s agricultural heritage. Many visitors have remarked on the dramatic effect the improved landscaping has had on the property.

In “bringing history to life” visitors connect to the past with tangible and memorable experiences. Highlights of this year’s programs included an American Revolution living history day that featured Judah Alden’s historic regiment along with coopering, blacksmithing, and liberty tea demonstrations; “Sheep & Shawl” day; and a Colonial Camp for Kids. Families can explore the grounds through an outdoor treasure hunt in partnership with the South Shore Quests that was created by an intern from Duxbury High School. The Massachusetts Society of the Cincinnati and Duxbury Cultural Council generously supported these programs. General visitation and admission fees are up during this last fiscal year as we continue to promote the site through publicity and marketing efforts.

We bid a sad farewell to Lilly Cleveland on her retirement as the Alden genealogist and welcomed Christopher Carter Lee to this position. Christopher has experience as an adjunct professor for the genealogy certificate program at Boston University, consultant for the Mayflower Families Silver book series, and researcher for New England Historical Genealogical Society among other organizations.

Thank you for your continued support.

Respectfully submitted,

Desiree E. Mobed
Executive Director

“I want my children to know their roots and how this country was founded- we talk about it at home - but to bring them here to experience it for themselves is an opportunity like nothing else.”

– Alden Visitor 2019
The 13th Annual Speak for Thyself event was held on May 16th and we honored five remarkable women who are making the world a better place through their work in business, community leadership and advocacy. Patti Ryan and Lynn Dale are residents of Duxbury; Michelle Cully is from Randolph, MA; Sue Salvemini is from Shrewsbury, MA; and we honored our first cousin and member of AKA, Melissa Gates from NH. The Village at Duxbury hosted a lovely honoree reception for us in April and we had a new venue this year for the event in May. The Jones River Trading Post in Kingston and Plymouth Bay Catering did a fabulous job with the food and drink and at a very good price. Our garden club provided gorgeous lilac centerpieces and we held a silent auction and a raffle with 100 people in attendance. Our net income was over $10,900, the highest ever, up 13% from last year! We would like to thank our fabulous Speak committee who worked to ensure this success: Anne Cobuzzi, Chair, Desiree Mobed, Rich Holmes, Pauline Kezer, Emily Zoltowski, Donna Wood and Nancy Capistran. Speak has honored 49 women over the past 13 years. We think Priscilla would be proud to know that her actions have inspired other women to speak for themselves, and on behalf of others, nearly 400 years later. Join us for the 14th Annual Speak event May 28, 2020.

Respectfully submitted

First, an introduction: I am Christopher Carter Lee and I have been active as a professional genealogist and genealogical educator for more than ten years. I succeeded Lilly Cleveland as the Alden Kindred of America’s Genealogist at the end of May. I am a member and state officer of the Mayflower Society and recently served as Consultant and Development Manager of the General Society of Mayflower Descendants. As of this report, I will be presenting in GSMD’s summer lecture series on Gold Standard Proof for Your Genealogy, a presentation on the Genealogical Proof Standard and evidence evaluation skills used to advance research when records are scarce, apparently inconclusive, or in conflict. Beside the Mayflower Society, I am an active, hereditary member of the Society of the Cincinnati. Outside genealogical interests, I am director of an international summer program for young adults with disabilities that travels to a different country each year and I coordinate a year-round homeless outreach in Boston.

During the 2018-2019 fiscal year, the Alden Kindred of America received 99 lineage application requests; two more than the previous year. We approved 40 lineages; one more than the previous year. Lineage applicants are responsible for submitting records from primary and authoritative secondary sources (such as the Mayflower Society’s Silver Books) to prove lineages from John and Priscilla Alden to themselves. The 40 members whose lineages were approved are included with this report.

In particular, lineage applicants should submit birth, marriage, and death certificates for events in their lineages back 100 years (or more, depending on the state or city in which those events occurred). This is important as many of these records are currently protected by privacy statutes which differ between states. As well, index entries and transcriptions online may include legal rather than biological relationships, for example, to the identity of parents. Records made at the time vital events occurred are most likely to provide proper relationships, dates, and places, and may include complications, amendments, and additions that do not appear in indexes and transcriptions. Furthermore, the inclusion of these better quality records in lineage files will benefit applicants’ posterity, as their children and grandchildren can rely on them in their own lineage pursuits in the future.

With regard to the number of lineage application requests versus lineages actually approved, many applicants do not submit the records necessary to complete their lineages, while some few others discover that family lore or earlier research was in error and the applicant does not actually descend from John and Priscilla. Both our previous Genealogist and I have been able to provide effective guidance to applicants of all abilities toward completing lineage application files.

Several additional projects I intend to pursue as the Alden Kindred of America’s Genealogist include updating the genealogy database on our website, and also developing effective and accessible application tracking to ensure that lineage applicants receive not only instructions on completing their lineage files, but also ongoing follow-ups to encourage more applications being seen through to completion.

I am particularly proud of one lineage application approved in April by my predecessor Lilly. The lineage was the first ever proved through Elizabeth Briggs (Elizabeth Fobes, Martha Pabodie, Elizabeth Alden, John & Priscilla) and her husband Ishmael Shippey of Raritan Landing, New Jersey. An article I published in the scholarly journal Mayflower Descendant, Volume 64, Number 1 (Winter 2016) proved Elizabeth and Ishmael’s identities and descendants for five generations. The new Alden Kindred of America member and her family are among a large Alden progeny descending from Ishmael and Elizabeth (Briggs) Shippey. A notable twentieth-century journalist, Lee Shippey, also descends from this previously untraced line of Alden descendants.

I am very pleased to serve as the Alden Kindred of America Genealogist.

Christopher Carter Lee, Genealogist

“Awesome place filled with history. Our guide was knowledgeable and great source of information. It’s beautiful old architecture from the colonial era.”

“The original house is a short walk through the woods across a soccer field behind a school. You can see the original stone foundation, pretty neat stuff!”

“The Alden House and its property is without a doubt one of the most important historical sites in Duxbury and as such is a source of pride as well as a vital cultural partner in the life of the community”

– Duxbury town historian Tony Kelso
The Nominating Committee proposes the following slate for the Board of Directors for consideration at the 119th Annual Meeting: Those in red require action through a vote of the membership.

Nominating Committee: Alden Keyser, Terry Reiber, Lilly Cleveland, Linda Osborne, John Towle, Mary-Ruth Duquette (past Chair invited), Pauline Kezer Ex-Officio
John W. Alden is a partner in the law firm of Kilpatrick Townsend & Stockton LLP where he concentrates his practice in the areas of labor and employment law. Mr. Alden has litigated and arbitrated a wide variety of disputes throughout the United States and currently represents management in all areas of labor and employment law. John is a graduate of Gettysburg College and the Emory School of Law. He lives in Atlanta with his wife and two children.

Licia Brown

An Alden descendant from both her mother and father, Licia received her Master of Arts in English literature from Brown University and her undergraduate degree from Skidmore College. Licia has been a dedicated volunteer with the PTO for the Charlotte Central School in Vermont and was recognized as the Vermont Volunteer of the Year at Town Meeting. A Duxbury resident, she currently serves on the JM Huber Corporation Family Governance Board Philanthropy Committee.

Jan Phillips

Jan Phillips of Plymouth, Massachusetts, is the oldest living descendant of Charles L Alden (one of the founders of the Alden Kindred of America) and is his great granddaughter. Charles Alden built the Log Cabin Tea Room in the 1920s to serve refreshments to visitors coming for tours of Alden House. Jan has two daughters who live in Florida and four grandchildren, all of whom are members of the Alden Kindred Society. Jan is very active in the Plymouth Antiquarian Society and considers herself to be an enthusiastic student of local history. Jan is a graduate of Bridgewater State University and has recently retired after many years of running her own business, Simply Divine Catering.

Evelyn A. Walker

A rare book librarian, Evelyn currently works at the Congregational Library and Archives in Boston after retiring from the Houghton Library of Harvard University. Evelyn holds an M.A. from the University of Rochester, an M.L.S. from the State University of New York at Geneseo, and an undergraduate degree from Randolph-Macon Woman’s College. Evelyn worked as a guide for Alden House and has a passion for historic preservation and research, including the restoration of two homes; date board research; historic garden design and maintenance.
Alden Kindred Presents Two Scholarships

“To be a descendant means to be an innovator, an explorer, someone who is brave, and someone who is willing to persevere and fight for what they believe in.”

Ryan Curley
2019 recipient of the Dr. Donnell B. Young Scholarship

The scholarship committee received three applications this year, two from Massachusetts and one from Connecticut. After careful review, the committee unanimously selected Ryan Curley of Marshfield, Massachusetts, and a descendant of Jonathan. This year’s selection process was chaired by Alicia Williams after Linda Osborne recused herself because of her family connection to Ryan.

Ryan was on the honor roll all four years in high school, was selected for a 212° Award, given to students who “apply extra work to go the extra degree,” and competed at the district and state level of DECA. A long-time hockey and rugby player, Ryan played on his high school teams and helped establish the South Shore Anchors Flag Rugby League Youth Rugby program in Marshfield, serving as head coach and director of operations and marketing. He works as a camp counselor at the Boys & Girls Club of Marshfield and has volunteered with the Boys and Girls Club Keystone Volunteer and Leadership Program on numerous community charity events. Ryan will be attending Endicott College in Beverly, Massachusetts, and plans to study business.

Teddy Stahl
2019 recipient of the John and Priscilla Alden Scholarship

Our John and Priscilla Alden Scholarship for $500 is given annually to a Duxbury High School student interested in studying a trade or majoring in history. This year’s winner is Teddy Stahl, who interned at Alden House during the 2018-2019 school year. Teddy helped create an outdoor treasure hunt of Alden House Historic Site in partnership with the South Shore Quests Program. The Alden Quest encourages visitors to explore Duxbury’s Pilgrim history while enjoying the property and looking for clues. Teddy plans to attend Davidson College to study political science.

Funding for the scholarships has been made possible from donations by members of the Alden Kindred. If you are interested in learning more about the scholarship program, please contact Linda Osborne at lindaatcps@verizon.net.

Respectfully submitted,

Elizabeth Donato, Mary-Ruth Duquette, Barbara Itz, Patricia Randall, Alicia Williams, Linda Osborne, Chair

Financial Statements:
This Report is to be read in conjunction with the attached Financial Statements dated 6/30/2019.

Statement of Activities:

1. **Revenues:** Total Revenues are $279,155 vs. $245,941 in the prior year. The increase is mainly due to Contributions of $33,250 to the Capital Campaign and Contributions of $10,350 towards Campaign Expenses. $32,000 of the Capital Campaign money received was subsequently transferred to Endowment. **Contributions and Grants** are running ahead of the prior year. We received $10,000 more in Grants than last year. **Memberships and Genealogy Fee Income** are down due to a decrease in membership revenue. This is being evaluated. 97 Alden House rental income is still in arrears.

2. A budgeted transfer from Endowment of $10,000 has been made this year compared to $20,000 last year. This year’s transfer is designated for necessary repairs to the 97 Alden property.

3. **Expenses:** **Operating Expenses**, excluding 97 Alden Expenses, are up slightly. This is mainly due to expenses associated with the Capital Campaign.

4. **Statement of Position:** Roughly similar numbers to last year although our cash position has improved slightly. Investments are shown at cost. The actual market value is annotated on the same line. The Mortgage is being paid down at about $11,000 a year.

Respectfully for the Committee,
Alden Keyser
